SHOWER GAITER

M

Shoe size 36–40 (European standard)

XL

Shoe size 41–47 (European standard)

Assistive device to prevent slipping and to make it easier to wash toes while showering

- Prevents slipping by increasing friction between the foot and the floor.
- Makes it easier to wash toes while showering.
- Can be machine washed at 60 degrees Celsius with mild detergent, rinsing is recommended.
- Does not contain latex or silicone.
- Dispose as general waste.

Shower Gaiter is put on by rolling on a bare foot
